From: Mary Goldade on behalf of Bonnie Lavelle, EPA Region 8 RPM

Date: August 21, 1998

Project Name: Vasquez Boulevard & I-70 Site

RE: Project Plans

As per the request of the EPA Region 8 Remedial Project Manager, Bonnie Lavelle, I am providing a copy of each of two Project Plans developed for the Vasquez Boulevard & I-70 site:

- 1) Residential Soils Supplemental Investigation: Physico-chemical Characterization of Soils; and
- 2) Residential Risk-based Sampling – Stage I Investigation.

All standard operating procedures (SOPs) for the Physico-chemical Characterization of Soils are provided as attachments to the Project Plan. All SOPs for the environmental sampling phase of the Risk-based Sampling – Stage I Investigation are provided as attachments to the Project Plan. SOPs for the biomonitoring phase of the Risk-based Sampling – Stage I Investigation are currently under review and will be provided when they become finalized.

Please contact Bonnie Lavelle directly at (303) 312-6579 if you have any questions regarding the contents of these documents.
